## SAAS

COMPACCT can be implemented as SaaS licensing and delivery model in which software is licensed on a subscription basis and is centrally hosted. It is sometimes referred to as "on-demand software"

## NO INSTALLATION

As everything is on the cloud with few login credentials user can start feeding the data into the software from any computer/mobile phone with the help of internet connectivity. It is not the case with Traditional or server based ERP system which needs to be installed on every user machine.

## LIVE ON-TIME IMPLEMENTATION

Our "Live On Time" program guarantees the customers on-time implementation of integrated ERP system at affordable cost. The "Live On Time" is a simple demonstration of deliverable confidence of the system.
